Experienced Software Developer seeking a full-time position starting immediately

Experience

Software Developer

GENOA DESIGN INTERNATIONAL

Oct 2022 - Jan 2024

Mount Pearl, NL (Remote)

- Led and contributed to full-stack development, showcasing proficiency in software design, development, and deployment.
- Utilized key technologies: React for dynamic front-end, ASP.NET for backend, and SQL Server for efficient database management.
- Collaborated with cross-functional Agile teams to ensure effective project delivery and continuous integration.

Software Developer Intern

GENOA DESIGN INTERNATIONAL

Jul 2022 - Aug 2022

Mount Pearl, NL (Remote)

- Engaged in a comprehensive software development internship, gaining hands-on experience with modern technologies.
- Assisted in various development tasks, laying the foundation for a successful transition to a full-time Software Developer role.

Financial Services Manager

BANK OF MONTREAL

May 2016 - June 2018

Stephenville, NL

- Managed a portfolio of clients, providing expert advice on banking, lending, and investment solutions.
- Exceeded sales targets consistently for lending, investing, and everyday banking products.
- Opened and managed customer accounts, ensuring compliance with banking regulations.
- Advised clients on financial planning, tailoring solutions to meet their individual needs.

Front Desk Clerk

GLYNMILL INN

Jun 2015 - Sep 2015

Corner Brook, NL

- Performed night audit tasks, ensuring accurate balancing and closing of daily accounts.
- Managed guest check-ins, providing information about hotel services, charges, and facilities.
- Delivered concierge services, assisting guests with information about the hotel and the surrounding area.
- Bartended during evening hours, offering food services and ensuring a positive guest experience.

Youth Technology Intern

CORNER BROOK PUBLIC LIBRARY

Dec 2014 - Jun 2015

Corner Brook, NL

- Created presentations and interactive activities aimed at educating individuals of all ages on practical internet and computer technologies, including Windows, Android, iOS, and common web platforms.
- Facilitated workshops to enhance digital literacy and empower patrons with essential technological skills for everyday use.
- Provided assistance to library patrons seeking help with technology-related queries, fostering a supportive learning environment.
- Assisted in the development of the library's digital resources, ensuring accessibility and relevance to the community's needs.

Education

Accelerated Software Development Post Diploma

COLLEGE OF THE NORTH ATLANTIC

Sep 2021 - Aug 2022

St. John's, NL

- Studied a variety of software development topics, including Java, Python, JavaScript, SQL, security, and systems analysis.
- Completed a work term with Genoa Design International, gaining hands-on experience with modern technologies.

Bachelor of Business Administration

MEMORIAL UNIVERSITY OF NEWFOUNDLAND

Sep 2015 - Jun 2016

Corner Brook, NL

- Participated in a partnership program with the College of the North Atlantic to complete the BBA program.
- Focused on electives in finance and economics to complement skills in the accounting field.

Business Management (Accounting) Diploma

COLLEGE OF THE NORTH ATLANTIC

Sep 2011 - Jun 2014

Grand Falls-Windsor, NL

- Completed electives in tax, payroll, and the oil and gas industry to gain specialized knowledge for competitive industries.
